

1. *Media Production Lab*

Media laboratory is one of the major lab of the department built in the area of 1894 sq. fts. The lab has presently 10 computers with latest software and hardware like internet connection, LCD projectors, CD drives, CD writers, Web cameras, overhead projectors, Slide Projectors, Television monitors, printers, scanners to name a few, are accessible to the students and the staff members.

This laboratory provides rich experience of varied nature to the students. Internet browsing facilities provided free of cost is extensively used by the students, for their assignment, research work etc. This proves the proverb “Blessing in Disguise”, true ! The lab is also used for media production and media appreciation purpose. Students utilize the facilities of LCD Projectors and give their PowerPoint presentation regarding their projects and research work in the media lab.

Thus Media Laboratory is an asset to our Department where the major focus of study is communication

2. *Methods lab*
